

R&D Tax Incentive Refund

Phylogica (ASX:PYC) is the owner of a peptide library containing the extraordinary richness and diversity of nature. We are using these libraries to develop a drug delivery platform capable of reaching the highest value drug targets located inside cells. Our delivery platform enables drug cargoes to cross the cell membrane and directly reach their target.

PERTH, Australia, 8th October 2018: Phylogica Limited (ASX:PYC) (**Phylogica** or the **Company**), advises that it has received a \$2,900,000 cash refund under the Federal Government's R&D Tax Incentive Scheme.

The refund relates to the costs of research and development during the 2018 Financial Year which qualify as eligible R&D expenditure under the Federal Government's Scheme.

The funds received will be used to accelerate the Company's path towards first in human trials of its Cell Penetrating Peptides (CPPs).

About Phylogica

Phylogica Limited (ASX: PYC) is a biotech company focused on commercialising its intracellular drug delivery platform and screening its peptide libraries to identify drug cargoes for development against a wide range of disease targets. Phylogica controls access to the world's most structurally diverse source of peptides which have the ability to act as effective drug delivery agents and drug cargoes, penetrating cell walls to reach previously 'undruggable' targets across a range of disease types. Phylogica's platform of proprietary cell penetrating peptides has been validated across multiple animal models for the ability to deliver a diverse range of drug cargoes into cells. The company has collaborations with several pharmaceutical companies including Roche, Medimmune, Pfizer, Janssen and Genentech.

Forward looking statements

Any forward-looking statements in this ASX announcement have been prepared on the basis of a number of assumptions which may prove incorrect and the current intentions, plans, expectations and beliefs about future events are subject to risks, uncertainties and other factors, many of which are outside Phylogica's control.
